Israel shows mutilated babies

• Images alleged to be proof of atrocities • Britain sends two Royal Navy ships • Sunak hits out at protesters and BBC

Richard Spencer Tel Aviv
Alistair Dawber Washington
Adam Sage Paris

Israel published photographs last night of children they said had been mutilated, including a baby allegedly murdered by Hamas, the Palestinian terrorist group responsible for a series of massacres last weekend.

The pictures were posted on Israeli government accounts. "This is the most difficult image we have ever posted but we need each and every one of you to see it," the account said on Twitter.

It was the latest images, which The Times is choosing not to publish as they are too graphic, had been taken by the amateur photographer known as "UnlabeledBeastie" in settlements attacked by Hamas on Saturday.

The pictures followed a row over allegations by some Israeli soldiers, who claimed they had been beaten before they were killed. The soldier and reporter found "decapitated babies, women with heads cut off and other bodies".

Flagor, a rear-admiral in the Israel Defense Forces (IDF) said, adding that the soldiers had been "very brave". He did not say whether it would be reviewed, despite days of contrived inquiry, whether the soldiers' claims could be corroborated.

David Blumenthal, US secretary of state, who flew into Israel yesterday, was shown some pictures. He said he had seen "horrible things". These images may be worth a million.

The pictures were released five days ago, following a strike on Al Shifa Hospital,

BREAKING — US intelligence warned Israel of a potential conflict in Gaza days before the attack, CNN reports

- One update from September 28 warned, based on multiple streams of intelligence, that Hamas was poised to escalate rocket-attacks across the border.
- An October 5 wire from the CIA warned generally of the increasing possibility of violence by Hamas.
- Then, on October 6, the day before the attack, US officials circulated reporting from Israel indicating unusual activity by Hamas — indications that are now clear: an attack was imminent.

If the vaccine was valuable, there would be no need for:

- Censoring people
- Coercing people
- Bribing people
- Fake Marketing with celebrities
- Fabricating data with PCR “test”
- Monkey and mouse experiments

It's all a complete fraudulent crime.

Years	Flu cases	Covid case
2016-17	29 million	0
2017-18	45 million	0
2018-19	36 million	0
2019-20	38 million	0
2020-21	0.0015 million	32 million

How do scientists show “viruses” infect cell:

- get monkey kidney cell
- mutate that cell to become defenseless
- mix blood from heart of a baby cow
- mix it with human fluid sample
- mix in some antibiotics (antilife)
- slowly starve the cell
- blame cell death on virus

- Arab News sources confirm reports that US network sidelined Mehdi Hasan, Ayman Mohieddine and Ali Velshi

LONDON: Two sources have confirmed to Arab News that US news network MSNBC has suspended the shows of three Muslim anchors amid rising tensions in Gaza.

Earlier today, Semafor revealed that Mehdi Hasan, Ayman Mohieddine and Ali Velshi were "quietly taken out of the anchor's chair since Hamas' attack on Israel."

According to Semafor, the left-leaning news network did not air a scheduled Thursday night episode of "The Mehdi Hasan Show," and dropped a plan for Mohieddine to anchor Joy Reid's show on Thursday and Friday. Sources also revealed that Velshi was being replaced by another anchor for his upcoming weekend shows.

Second, I'd like to update everyone about Isabelle's passing. I received a call from the Medical Examiner today. They informed us that Isabelle had an undiagnosed heart condition. She had an enlarged heart due to unknown reasons yet. Her passing was quick and painless. She did not suffer. Her heart was just too big but if you knew Isabelle, you knew this to be true! ❤️

We just thought that her friends and family would like to know that her passing was quick and painless for her. It helps my Mama heart knowing she didn't suffer. We will be making arrangements tomorrow so we will share those once we have them.

BREAKING: Iran sent a message to Israel via the UN stressing that it does not want further escalation in the Hamas-Israel war, but that it will have to intervene if the Israeli operation in Gaza continues.

MY THOUGHTS:

Iran getting involved is a red line no one should want to cross, unless you're Senator Graham.

It seems the world is trying to de-escalate, and trying to figure out how far Israel should go in response to the attacks by Hamas.

Where should the world draw the line on what an appropriate response should be?

Or, the more important question, where does IRAN draw that line?

The media won't tell you this but Israel bombed Al Fakhoora school in Gaza, killing 27 Palestinian children.

Every single one of them was a child.

Where is the International Criminal Court to hold Israel accountable for this horrific massacre?

The number of massacred Palestinian kids in Gaza is rapidly approaching 1000.

The child killers in Israel are afraid to enter Gaza, so they continue murdering civilians. But Western regimes should be very careful. If they push for escalation, they have the most to lose by far.

JUST IN: The Iraqi Parliament: has called for the activation of the Arab Defense Treaty in response to the ongoing Israeli actions in Gaza.

What is the Arab Defense Treaty?

The Arab Defense Treaty was established in 1950, bringing together several Arab nations with the shared aim of promoting collective defense in the event of aggression against any member state.

When this treaty is invoked, it could lead to collective military action, similar to NATO, with other member states offering military support, such as troops, equipment, or logistical assistance.

What Are the Consequences?

It's important to note that this treaty has seen limited use in the past and remains untested. Largely rooted in a Pan-Arab ideology which was more influential at

Australian broadcaster, Alan Jones:
"Carbon dioxide is 0.04% of the atmosphere. Human beings create only 3% of that 0.04%. Is anyone seriously suggesting that we should stand the economy on its head, force up energy prices, damage business, jeopardise employment, because 0.04% of the atmosphere is carbon dioxide?"

Yes Alan, that's exactly what the climate totalitarians are suggesting, because none of this really has anything to do with saving the planet, and everything to do with deliberately wiping out the middle class, drastically reducing our standard of living and exerting absolute totalitarian control over every aspect of our lives, under the mere guise of "saving the planet".

1995: Israel's far-right assassines
their own prime minister to prevent
him from ending genocide against
Palestine

Prime minister Yitzhak Rabin was working with Palestinian leaders to make peace and was succeeding. So the far-right Likud party in Israel began holding violent fascist rallies against him and ultimately incited one of their own Zionist ultranationalists to assassinate Rabin. Benjamin Netanyahu led the fascist rallies and was universally blamed for inciting the assassination, even by Rabin's wife. Now: Netanyahu is Israel's longest-tenured prime minister. He openly leads the genocide against Palestine and is working to end democracy in Israel so that he can be a dictator.

German MEP, Christine Anderson:
Governments around the world used
outright psychological warfare—
targeted even at children—to terrify
their populations into submission with
Covid tyranny, in a way that was globally
coordinated.

"In Germany, there was a manual on
how to get the people to do what the
government wanted them to do to adhere
to these restrictions. They outlined [that]
even though kids are at no risk of Covid,
we have to make them afraid [that] if
they catch it, and then they infect their
grandparents, they're responsible for
having killed their grandparents."

And the exact same techniques are
now being used to terrify everyone into
submission with Net Zero/climate tyranny.

Abstract

Introduction: In 2020, prior to COVID-19 vaccine rollout, the Brighton Collaboration created a priority list, endorsed by the World Health Organization, of potential adverse events relevant to COVID-19 vaccines. We adapted the Brighton Collaboration list to evaluate serious adverse events of special interest observed in mRNA COVID-19 vaccine trials.

Methods: Secondary analysis of serious adverse events reported in the placebo-controlled, phase III randomized clinical trials of Pfizer and Moderna mRNA COVID-19 vaccines in adults (NCT04368728 and NCT04470427), focusing analysis on Brighton Collaboration adverse events of special interest.

Results: Pfizer and Moderna mRNA COVID-19 vaccines were associated with an excess risk of serious adverse events of special interest of 10.1 and 15.1 per 10,000 vaccinated over placebo baselines of 17.6 and 42.2 (95 % CI -0.4 to 20.6 and -3.6 to 33.8), respectively. Combined, the mRNA vaccines were associated with an excess risk of serious adverse events of special interest of 12.5 per 10,000 vaccinated (95 % CI 2.1 to 22.9); risk ratio 1.43 (95 % CI 1.07 to 1.92). The Pfizer trial exhibited a 36 % higher risk of serious adverse events in the vaccine group; risk difference 18.0 per 10,000 vaccinated (95 % CI 1.2 to 34.9); risk ratio 1.36 (95 % CI 1.02 to 1.83). The Moderna trial exhibited a 6 % higher risk of serious adverse events in the vaccine group; risk difference 7.1 per 10,000 (95 % CI -23.2 to 37.4); risk ratio 1.06 (95 % CI 0.84 to 1.33). Combined, there was a 16 % higher risk of serious adverse events in mRNA vaccine recipients: risk difference 13.2 (95 % CI -3.2 to 29.6); risk ratio 1.16 (95 % CI 0.97 to 1.39).

Discussion: The excess risk of serious adverse events found in our study points to the need for formal harm-benefit analyses, particularly those that are stratified according to risk of serious COVID-19 outcomes. These analyses will require public release of participant level datasets.

THE WHITE HOUSE
WASHINGTON

FOR IMMEDIATE RELEASE

October 15, 2023

Statement from President Joe Biden

Jill and I were shocked and sickened to learn of the brutal murder of a six-year-old child and the attempted murder of the child's mother in their home yesterday in Illinois.

The child's Palestinian Muslim family came to America seeking what we all seek—a refuge to live, learn, and pray in peace.

This horrific act of hate has no place in America, and stands against our fundamental values: freedom from fear for how we pray, what we believe, and who we are.

As Americans, we must come together and reject Islamophobia and all forms of bigotry and hatred. I have said repeatedly that I will not be silent in the face of hate. We must be unequivocal. There is no place in America for hate against anyone.

We join everyone here at the White House in sending our condolences and prayers to the family, including for the mother's recovery, and to the broader Palestinian, Arab, and Muslim American communities.

BREAKING NEWS: China Sides With Hamas and Calls For Israel To Back Down Saying "Israel's actions have gone beyond self-defense" !

China's public position here indicates they currently see the U.S. as extremely weak with Joe Biden as president.

4 days ago China sent fighter jets to monitor and warn a U.S. Navy patrol aircraft that flew through the Taiwan Strait.

They are aggressively setting the stage for an invasion of Taiwan before Joe Biden is removed from office in 2024. If they invade, WW3 will be unofficially underway and de-escalation will become an extremely difficult task. All hell may break loose!

By the time Joe Biden's reign is over, it may go down as the most destructive/damaging 4-year period in modern history.

Hamas don't want peace.
The Israeli government don't want peace.
The deep state, the cult, the secret societies, the funny handshake brigade, whatever you want to call them, don't want peace.
The clickbait media hogs and military industrial complex arms dealers don't want peace.
But we do. The people do. The vast vast majority of humans on this planet want it. The vast vast vast majority of us just want to get on. There is a way out of this. We outnumber these ghouls.
The same ghouls of Hamas that jabbed their population, and the same ghouls of Israel that treated their population like lab rats.

Hamas, the Zionist bogeyman, is in reality a Zionist corporation registered in Israel in 1978.

According to ICT papers, Hamas was legally registered in Israel in 1978 under the auspices of Menachem Begin and by Sheikh Ahmed Yassin, a political disciple of Hassan Al-Bana, puppet founder of Muslim Brotherhood. The Muslim Brotherhood is an equally Zionist organisation whose own origins were directly and fully funded by the Rothschilds' Suez Canal Company from 1928. Both organisations have masqueraded as "Islamic". Muslim Brotherhood continues to do so.

Hamas was massively and directly funded by Israel from its inception at least until 2012, and thereafter through Qatar. It initially widened its base of supporters and sympathizers by "social work" designed to win hearts, and continues to act for Israel as an excuse for Israel to bomb Gaza, test and showcase its weapons, and hold Gazans as blockaded prisoners in an open air concentration camp.

Putin on Xi Jinping: "He does not make short-term decisions based on some current situation." He assesses the situation, analyzes and looks to the future. This is very important, it is what separates a real world leader from the people we call temporary workers who come for five minutes to show themselves on an international platform and also disappear unnoticed. President Xi Jinping is a completely different person. He is a thorough, calm, but businesslike and reliable partner. If we agree something with him, we can be sure that the agreement will be fulfilled, both on one side and on the other."

THE HOLLYWOOD PEDOPHILES:

Brave Hollywood Actor confirms Tom Hanks, Steven Spielberg, Seth Green, Dan Schneider, Stephen Colbert are Pedophiles. He says the Rothschilds are involved in Cannibalism. Mark Thompson and the Royal Family hid the child rape and murder by Jimmy Savile.

This is a worldwide Pedophile Cult at the highest level in our society that uses Blackmail to control leaders, politicians, law makers, judges, film makers, actors, artists and others.

Former United Nations Director confirms the wealthiest people in the world, the Oligarchs control the Systems of Pedophilia in our world. This evil must be eradicated and stopped. We must unite and act bravely.

How Saudi Arabia humiliated US "Foreign Minister"

◆ Blinken went to Riyadh on Friday, but couldn't see Saudi Prince Salman (MBS)...

Mr. Blinken first arrived in Riyadh, the Saudi capital, on Friday night and met with the Saudi foreign minister on Saturday morning. He then flew to the United Arab Emirates for brief meetings and returned to Riyadh on Saturday night to be prepared to meet with Prince Mohammed at a moment's notice.

Journalists traveling with him were put on alert with the notion that the meeting could take place at any moment. But the crown prince did not meet with Mr. Blinken until after 7:30 a.m. local time on Sunday. Mr. Blinken has not been made to wait in that manner by any other official on this Middle East trip or on any of his other diplomatic trips. Officials and analysts familiar with the prince's practices said that behavior is common for him, even when it comes to senior officials of the United States, which is Saudi Arabia's main security partner.

"If any problem is being presented as a global crisis, then it is a scam."

Nick Hudson (@NickHudsonCT) eloquently summarises the parallels between the [#CovidScam](#) and the [#ClimateScam](#).

"The pattern that we are confronted with is really the fabrication of global crises: The presentation either of non-existent problems, or small local problems as being general global crises. That fabrication, followed by the assertion that the only solutions that are permissible are global ones that require a global authority, global control. That is the general pattern that we are up against. The Covid policy response was one of those, [and] the climate change crisis is another example."

German MEP, Christine Anderson:
Governments around the world used
outright psychological warfare—
targeted even at children—to terrify
their populations into submission with
Covid tyranny, in a way that was globally
coordinated.

"In Germany, there was a manual on
how to get the people to do what the
government wanted them to do to adhere
to these restrictions. They outlined [that]
even though kids are at no risk of Covid,
we have to make them afraid [that] if
they catch it, and then they infect their
grandparents, they're responsible for
having killed their grandparents."

And the exact same techniques are
now being used to terrify everyone into
submission with Net Zero/climate tyranny.

Although the vaccine fanatics remain deluded & in denial, still under the spell of the propaganda that led them to believe the Covid ‘vaccines’ were some type of ‘magic potion’ - **the markets have worked out the Pfizer’s vaccine is unsafe, ineffective & unnecessary.**

Incredibly, Pfizer shares are now worth less now than they were at the start of Covid.

The smart money knows there’s a real risk that Pfizer could be sued in bankruptcy for misleading or deceptive conduct in trade or commerce - something I warned of over 18 months ago.

EMERGENCY USE AUTHORIZATION

Pfizer-BioNTech COVID-19 Vaccine has not been approved or licensed by FDA, but has been authorized for emergency use by FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals aged 6 months through 11 years of age. The emergency use of this product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.

IMPORTANT SAFETY INFORMATION

- A person should **NOT** get Pfizer-BioNTech COVID-19 Vaccine if they had a severe allergic reaction after a previous dose of any Pfizer-BioNTech COVID-19 vaccine or to any ingredients in these vaccines.
 - There is a remote chance that the vaccine could cause a severe allergic reaction. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the vaccine. For this reason, the vaccination provider may ask you to stay at the place where you received the vaccine for monitoring after vaccination. **If your child experiences a severe allergic reaction, call 9-1-1, or go to the nearest hospital.**
- Signs of a severe allergic reaction can include:
- difficulty breathing, swelling of the face and throat, a fast heartbeat, a bad rash all over the body, or dizziness and weakness
 - Myocarditis (inflammation of the heart muscle) and pericarditis (inflammation of the lining outside the heart) have occurred in some people who have received mRNA COVID-19 vaccines. Myocarditis and pericarditis following Pfizer-BioNTech COVID-19 vaccines have occurred most commonly in adolescent males 12 through 17 years of age. In most of these individuals, symptoms began within a few days following vaccination. The chance of having this occur is very low. **Seek medical attention right away if your child has any of the following symptoms after receiving the vaccine, particularly during the 2 weeks after receiving a dose of the vaccine:**
- Chest pain
 - Shortness of breath or difficulty breathing

decision by Hamas to wipe out Fatah in Gaza. Yadlin dismissed Fatah's capabilities in Gaza, saying Hamas could have taken over there any time it wanted for the past year, but he agreed that Fatah remained strong in the West Bank. Although not necessarily reflecting a GOI consensus view, Yadlin said Israel would be "happy" if Hamas took over Gaza because the IDF could then deal with Gaza as a hostile state. He dismissed the significance of an Iranian role in a Hamas-controlled Gaza "as long as they don't have a port." Regarding predictions of war with Syria this summer, Yadlin recalled the lead-up to the 1967 war, which he said was provoked by the Soviet Ambassador in Israel. Both Israel and Syria are in a state of high alert, so war could happen easily even though neither side is seeking it. Yadlin

mRNA nanoparticles come in various sizes, and the size of these nanoparticles can have an impact on their immunogenicity and performance as vaccines. A study on the impact of lipid nanoparticle (LNP) size on mRNA vaccine immunogenicity revealed a relationship between LNP particle size and immunogenicity in mice using LNPs of various compositions ¹. The study found that small diameter LNPs were substantially less immunogenic in mice compared to larger LNPs. However, all particle sizes tested yielded a robust immune response in non-human primates (NHP) ¹.

It is worth noting that the specific size range of mRNA nanoparticles can vary depending on the study and the specific application. For example, in previous studies and FDA-approved mRNA vaccines, lipid nanoparticles with sizes around 70 nm to 100 nm were used ². Pfizer issued a press release Friday afternoon stating definitively that mRNA covid vaccines “show increased risks” of myocarditis + pericarditis.

Highest risk = adolescent males.

It's INEXCUSABLE that 1000s of college kids are STILL forced to get a shot w/these known risks.

Politics and ‘freedom of choice” is an ILLUSION and it has been for MANY DECADES.

They CREATED the “Us vs Them” & “R vs D” paradigm so that we would continuously FIGHT one another. It was ALWAYS their strategy to “divide and conquer” Meanwhile, they have been slowly making America submit to COMMUNISM.

The Globalist “powers that be” & robber-barrons that have TOTALLY HIJACKED our Govt at EVERY level are steering this country into the ground because AMERICA MUST FALL so that they can have their New World Order (One World Government). Now, they are in the FINAL stages, and close to accomplishing that goal.

It’s really as simple as that.

If you think a change in politicians will make a difference, you aren’t tuned in.

FLAG GAZA HOSPITAL STRIKE UPDATE:
In this live, unedited video pulled from YouTube (link [👉](#)) you see a barrage of Hamas rockets being fired at Israel. One of them goes astray and causes a massive explosion nearby. That's apparently the hospital. This looks to be a "friendly fire" incident. Not surprising because Hamas rockets are \$300-500 homemade devices, with no guidance systems and cheap parts. Very sad to see this happen. More sad to see Hamas continue to fire rockets even after one of them blew up their own hospital.

Critics tore into President Joe Biden as being responsible for Hamas' assault on Israel Saturday by providing billions to Iran, which funds and supports the terrorist group.

In September, the Biden administration **allowed the transfer** of \$6 billion in frozen assets to Iran — which funds and supports Hamas — in exchange for the release of five Americans.
